**2nd required class and practicum:  
TEAL 5440 Creativity in Education**

The purpose of this course is to study the theoretical and practical aspects of creativity, namely, what is creativity, and how do we develop it in students and ourselves. The course is an introductory overview of major definitions, theories, and research related to the study of creativity and the creative individual. Class members will practice techniques for stimulating creative thinking as well as strategies for adapting existing curricula to develop creative thinking abilities in students.

Prerequisites: TEAL 5420, 5430

Credit: 2 semester hours

Cost: \$300.00 total for class  
\*This course may have additional materials

Time: 4:30-7:30 p.m.

Place: To be Announced

Dates: Fall 2012

Instructor: To Be Announced

**3rd required class and practicum:  
TEAL 5460 Identification and Evaluation  
in Gifted Education**

Note: you must register for practicum

**TEAL 5470-Team Consultation**

This course is designed to provide educators with theories, models, and instruments for identifying students as gifted, creative, and/or talented. The course will present models for evaluation of individual students and programs for gifted learners.

Prerequisites: TEAL 5420, 5430, 5440

The practicum experience requires an intensive supervised case study of a gifted and talented learner of the student's choice.
